

The 57th Nordic Coagulation Meeting 11-13.9.2024, Helsinki, Finland

Final Program

For the Symposia please check the final program and timings from the Congress website.

Scientific sessions include a Keynote lecture and local scientific presentations

Wednesday 11.9.2024

10:00 Registration opens

10:30 **Opening ceremony**

10:40 **Symposium I: Embracing shared approach to personalized treatment**

Organized by **Novo Nordisk Farma**

Jovan P. Antovic, (Stockholm, Sweden): Cardiovascular risk in aging patients with hemophilia

Peter Kampmann, (Copenhagen, Denmark): Future Landscape in Hemophilia - No One-Size-Fits-All

Hermann Eichler (Homburg, Germany): Need of Real-World Evidence in Hemophilia

11:40 Lunch at the exhibition area

12:30 **Session 1: von Willebrand disease and primary hemostasis**

Keynote lecture - Jecko Thachil (Manchester, United Kingdom): Why may bleeding occur in von Willebrand disease?

13:00 Vuokko Nummi (HUCH, Finland): von Willebrand disease beyond hemostasis

13:15 Timea Szanto (HUCH, Finland): Role of platelets in primary hemostasis disorders

- 13:30 Coffee at the exhibition area
- 14:00 **Symposium II: von Willebrand disease and hemophilia: Future outlook**
Organized by **CSL Behring**
- Riitta Lassila (Helsinki, Finland): von Willebrand disease, remaining challenges
- Jan Astermark (Malmö, Sweden): Gene therapy, overview and practical considerations
- 15:00 **Session 2: Update of hemophilia**
- 15:00 Kirmo Wartiovaara (HU, Finland): Path to gene therapy and next steps
- 15:20 Nancy El Beayni (Beirut, Lebanon, ISTH Reach the World Fellowship 2023 at HUCH):
Role of rotational thromboelastometry in patients on new hemophilia therapies
- 15:35 Refreshment at the Exhibition area
- 15:50 **Symposium III: Management of non - severe hemophilia: not stronger than the weakest link**
Organized by **Bayer Oy**
- Ragnhild Måseide (Oslo, Norway): Pursuit for a better life – the MOHEM study -
Mohem 1
- Malu Hestdalen, (Oslo, Norway): Mohem 2
- Pål Andre Holme, (Oslo, Norway): What Happens to the PWH in Real Life?
- 16.50 Scientific Poster session
- 17:50 Bus transportation to the City Hall
- 18:15 **Welcome Reception, Helsinki City Hall** (please register by 4.9)

Thursday 12.9.2024

- 8:00 Registration opens
- 8:30 **Session 3: Critical role of Laboratory in Coagulation Disorders**
- Keynote Lecture - Andreas Hillarp (Malmö, Sweden):
Benchmarks of interaction between laboratory and clinic
- 9:00 Leena Hiltunen (FIMLAB, Finland): 30 years of experience in coagulation laboratory
- 9:20 Paula Savola (HUS Diagnostic Center, Finland): Evidence-based iron deficiency
diagnostics in anemia
- 9:35 Marika Pikta (North Estonia Medical Centre Foundation, Estonia): Laboratory
monitoring of antithrombotic treatment - Estonian experience
- 9:50 Coffee at the Exhibition area

- 10:15 **Symposium IV: Path towards hemophilia free mind**
Organized by **Roche**
- Cedric Hermans, (Brussels, Belgium): *remote lecture*
Hemophilia free mind and perspectives on emicizumab management
- Timea Szanto (Helsinki, Finland): Non-factor products in the laboratory - clinical view
- 11:15 **Session 4: Thrombo-inflammation**
- Keynote Lecture - Jerrold Levy (Durham, NC, USA):
Thrombo-inflammation - from bench to bedside
- 11:45 Annukka Jouppila (HU, Finland): Thrombo-inflammation and heparin proteoglycan mimetic
- 12:00-13:30 Lunch at the posters and exhibition area
(Nordic Hemophilia Council meeting, members only)
- Session 4: Thrombo-inflammation** continues
- 13:30 Tuukka Helin (HUS Diagnostic Center, Finland): Extracellular vesicles in COVID-19
- 13:45 Hanna Pitkänen (HUCH, Finland): From classic HIT to VITT
- 14:00 **Session 5: Thrombotic microangiopathy**
- Keynote Lecture: Karen Vanhoorelbeke (Kortrijk, Belgium):
Implications of ADAMTS13 conformation in the pathogenesis of thrombotic thrombocytopenic purpura
- 14:30 Inkeri Lokki (HU, Finland): Complement activation and pregnancy complications
- 14:50 Coffee at the Exhibition area
- 15:15 **Symposium V: Practical management of aTTP**
Organized by **Sanofi**
- Alexandros Arvanitakis, (Malmö, Sweden): The Hematologist's view
- Mikko Haapio, (HUCH, Finland): The Nephrologist's view
- 16:15 Scientific poster session
- 19:30 Dinner

Friday 13.9.2024

- 8:30 Registration opens
- 9:00 **Symposium VI: Empowering hemophilia and PNH patients towards normalisation**
Organized by **Sobi**

Eira Poikonen (Helsinki, Finland): PNH – Real-world experience

Pratima Chowdary (London, United Kingdom): A new horizon in hemophilia A care

Jan Astermark (Malmö, Sweden): Emerging therapies and the path to normalized hemostasis

Pål Andre Holme (Oslo, Norway): Joint Health in Hemophilia: The role of normalized hemostasis

10:00 **Session 6: Severe thrombosis and risk factors**

Keynote Lecture - Simon De Meyer (Kortrijk, Belgium):
Ischemic stroke clot composition: towards thrombolysis beyond fibrinolysis

10:30 Matti Kaksonen (HUCH, Finland): Venous thromboembolism in special cases

10:45 Coffee at the Exhibition area

Session 6 continues

11:15 Nora Mattila: (HUCH, Finland): Pancreatic adenocarcinoma and coagulation

11:30 Lasse Myllylahti (HUCH, Finland): Ovarian cancer and coagulation biomarkers

11:45 Sanna Susila (HUCH, Finland): Hemostatic properties of whole blood

12:00 Miika Koskinen (HU, Finland): Outpatient low-molecular weight heparin and COVID-19

12:15 **Symposium VII: Improving patient management in von Willebrand disease**
Organized by **Takeda**

Jan Astermark (Malmö, Sweden): Diagnosis of von Willebrand disease - genetic considerations and subtypes

Flora Peyvandi (Milan, Italy): Long-term outcomes for patients with Type 3 von Willebrand disease

Maria Bruzelius (Stockholm, Sweden): Treatment decisions and patient management, when to consider prophylactic treatment in von Willebrand patients

13:15 Scientific poster awards

13:30 NordCoag2025
Adjourn and lunch
